## Personal Details

Date of Birth	25/07/1985
Profile	As a Traffic manager, I manage the clients. My core comoperations and logistics of over-dimensional cargo (ODC) transportation services across India. I have over ten years of experience in the road transport industry, working with various types of vehicles andpetencies include planning and executing ODC transportation projects, ensuring timely and safe delivery of cargo, maintaining and repairing the fleet, and coordinating with drivers, customers, and authorities. I enjoy every moment of my work, as I love the challenge and satisfaction of moving heavy and oversized loads across the country. My mission is to provide efficient, reliable, and cost-effective transport solutions to our clients, and to contribute to the growth and reputation of Shri Shyam Transport.
ODC SPECIALIST	Utilizing Specialized Equipment and Technology ODC requires specialized equipment designed to handle its unique challenges. The selection of suitable vehicles, such as hydraulic modular trailers or low- bed trailers, is crucial and should be based on the cargo's dimensions, weight, and handling needs. Cranes, forklifts, and rigging equipment are indispensable for safe loading and unloading, provided they meet safety standards and are operated by trained personnel. Tracking systems and digital platforms enhance operational efficiency by allowing real-time monitoring of cargo and improving communication among stakeholders.
