Email : omaralsulami053@gmail.com | Phone: +966508773521 | Location : Jeddah, KSA

## SUMMARY

Recent graduate in Maritime Studies, with hands-on experience in Supply Chain and Maritime Business, focusing on transportation management, maritime logistics, and industry regulations. Eager to contribute to an industrial organization where I can apply and expand my skills, enhance operational efficiency, and support innovative solutions in the maritime and logistics sectors.

## EDUCATION

**Bachelor of Supply Chain and Maritime Business** September 2021 - May 2025

*King Abdulaziz University - Faculty of Maritime Studies, Jeddah*

**Graduation project :** Analysis of market concentration of Eight major ports in the middle East using the concentration Ratio (CR).

### Skills Gained:

- Data analysis of port productivity (TEU) using Microsoft Excel.
- Understanding of port competition and market dynamics in the Middle East.
- Collaboration and teamwork in conducting research and compiling findings.

## PROFESSIONAL EXPERIENCE

**Cooperative Training** January 17, 2025 – April 17, 2025

*DP World Company - the operations and planning Department, Jeddah*

- Exposure to DP World's operations, organizational structure, port layout, and safety procedures, with hands-on familiarization with terminal equipment (RTG, STS, Reach Stackers).
- Knowledge of Terminal Operating Systems (TOS) and their role in managing port operations.
- Participation in daily planning meetings, vessel and yard planning, vessel tracking, berthing procedures, and container flow management between vessels, yard, and terminal trucks (TT).

## COURSE WORK

- **Ports Management (MST 354):** Project on Technology in Ports.
- **Multimodal Transport (MST 452):** Project on Transportation Pipeline.
